The information contained in this document is based on current information.

While every effort is made to be as specific as possible some changes will no doubt occur.

GENERAL INFORMATION

The Richard Wherrett Studio is our premium event studio for hire. The studio features lovely wooden floor boards, heritage brick walls, high ceilings and beautiful ambient light and is a versatile space suited to conferences, dinner parties, product launches, award ceremonies, meetings, screenings, auditions and rehearsals.

Capacity

Seated – 110

Cocktail – 200

Accessibility

The Studio is wheelchair accessible.

Load-in Area

The slip dock is available for loading in and out. Max Headroom: 4.4 metres. Dock leveller is available. Access to the studio extends from dock along ground level passage measuring some 73 metres, turning left through RWS BOH doors 2.2 metres (high) x 2.8 metres (wide). The studio is also accessible from 22 Hickson Rd at street level via double doors, connected to the Ground Floor Theatre of the Roslyn Packer. NOTE: This entry and exit will be subject to restricted use by application to Sydney Theatre Technical Management.

Deliveries and Collections

Any delivery or pickups that are required during your hire are to be managed via the Loading Dock and arranged while Stage Door is open. If alternative arrangements need to be made, please advise your venue contact.

Parking

There is no parking space allocated to the theatre and all vehicles must be taken off site.

Storage Space

There is very little storage space in the venue. Empty road cases etc. may be required to be taken off-site.
